PRESIDENT'S MESSAGE Paul Himmelberger

June gloom? Never heard of it. At least not so far this June. Warm weather, sun, calm seas, 'tails under the patties, big bone heads & slimes running around, what more could we ask for? O.K. Fuel at \$1.50 a gallon would be nice.

May was a fun month with both the Cinco De Mayo & the bass tournament well attended. The fishing was not as quality as we might have liked, but it appears that both of these events were enjoyed by many members. We had 48 people attend the seminar on May 19th. That is the good news; the bad news is that the number of RSVPs was not even close to that number. Please help us out by trying harder to make a RSVP to Doc at mrgrosz@sbcglobal.net or myself at reelestate@san.rr.com, no later than Tuesday night before the events. I know that sometimes it is difficult to plan ahead, but it really helps the club prepare for these events if we have a better idea of the attendance.

June 24th & 25th are the dates for the "What's Hot Tournament. Will the long fins be close enough, or will it be a yellowtail contest? I hope we can designate another type as the yellowtail tournament is scheduled for July 15th. If finding out what you are fishing for is not enough reason to attend the Captain's meeting, our guests are David Kodama, the editor of Pacific Coast Sport fishing who will teach us the best ways to connect terminal tackle to the line, especially when using a flouro top-shot over spectra as well as other knots that we all need to know and practice. This will be a hands-on presentation. Also, we have John Nobel, of Pure Fishing who will educate us on Berkley's new products, especially the salt water Gulps and how to use them to catch more fish while spending less money at the bait barge. Team Encounter will rig marlin lures for free. Bring your own supplies or buy hooks from them. Berkley has donated the leader material.

Dana Landing has improved the fuel discount system for us. To obtain your discount, give them the phone number that you have listed in the MBMC yearbook. John has devised a system whereby your price is based on a percentage over his cost rather than a discount from retail. In the future, he plans to calculate an additional discount based on fuel purchases over time. Their computer will do this automatically once your phone number (no area code) is entered.

June 3rd's private boater's day at Dana Landing was a good success with a number of members showing up and manning the MBMC booth. We signed up a few new members, sold some shirts and burgees, and passed out numerous MBMC profile sheets to educate the public about MBMC. Thanks to all who participated.

We have had quite a few new members this year so let us all attempt to locate these folks and make them feel welcome.

Good fishing & Calm seas....

Paul Himmelberger
