## PRESIDENT'S MESSAGE by Jerry Lively

Please check the results on the tournament page of our Mission Bay Marlin Club website. It was a battle of legal fish. These fish were not any record size or quantity but there were many boats and many people fishing. We are getting some Juniors and women weighing in fish which is the purpose of these tournaments anyway. There are new names appearing on the winners list and this is a good sign that our seminars and participation is helping. I encourage all members to get active and enter the tournaments. it's a great way to get to know your club members and where they fish.

We had the first meeting of the Heart Tournament Committee. There were only three of us in attendance . I am hoping that this was just fluke and there are others out there that want to help. We were able to reserve the same room for the awards ceremony for September 28<sup>th</sup>. The room was in use for the original date. We are going on the same format and vendors that we got support from last year and going forward. This only gives us four months to put it all together.

The last board meeting at the beginning of May concerned the rockfish tournament and the Halibut and White Seabass tournament. We also invited Charlie Watson to the board and be the Webmaster. Please help us to welcome him aboard. He has done a lot for the website and we are hoping for your participation for his efforts to be rewarded.

We understand that not everybody is technically oriented and getting involved on a website can be intimidating. We (your board) are trying to give full access to these benefits to all of our members. Posting of communications (threads) are going to be rewarded. The most active poster (most threads) will receive a prize at the awards ceremony coming up in January of 2009. Each thread is a topic. Continued communications on the topic are still considered one (1) thread. These threads may be questions to members about technical difficulties aboard your boat or tackle, fishing for particular species, catching bait or anything else that someone in the club may be able to help you with or discuss with you. We are lucky enough to have some very talented members enrolled in our club and generally have the right answers for a multitude of problems. Take advantage of this wonderful tool. Your board is also trying to update the fish of the month and tournament scores near the first of each month. Another aside from your president: KEEP IT CLEAN! Bloodydecks has a free for all type postings and profane language. I want our website to be mature and Family accessible. You can even post your latest family outing if you made a trip others may be interested in. Contact your webmaster for procedures and passwords. Membership in the club is a must.

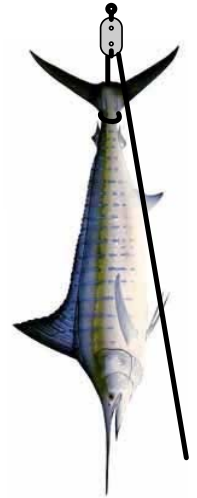

This deadline creates a problem and a first of the month crunch for the board. The board meets the first Wednesday of each month in a room provided by Marina Village Conference Center. This can be anywhere from the first day of the month to the 6<sup>th</sup> day of the month. This meeting can put us behind the eight ball for getting the schedule to the webpage and to our membership before the board has met. We will post the latest information at the first of the month but read the changes as they occur on the webpage to stay up to date.
