

## Mission Bay Private Vessel Reporting Procedure

U.S. Customs and Border Protection (CBP) has added a second vessel reporting location in San Diego to make reporting more convenient for pleasure boats arriving in the United States from foreign ports or places. The new pleasure boat clearance procedure is part of CBP's comprehensive efforts to improve security at the nation's borders while enhancing legitimate travel, including private boaters. All U.S. Citizens and aliens seeking entry to the United States must report their arrival. Vessel masters must report their arrival to CBP after having been at any foreign port or place, and/or, after having contact with any hovering vessel. San Diego ranks as one of the most active areas in the nation for small vessel traffic. To facilitate pleasure boat reporting, CBP will begin on November 20 to service foreign arrivals at the Dana Launch Ramp public dock, 1800 Dana Landing Road, San Diego, Ca. 92109. Boaters arriving at the dock must be able to pass under the Ventura Bridge, which has a 42-foot vertical clearance at Mean Low Tide, 0.0 feet. A fuel dock,

market and pay phone are located near the dock. Vessels unable to clear the bridge must report to the existing facility at the Harbor Police Dock, 1401 Shelter Island Drive, San Diego, Ca. 92106. Boaters must adhere to current procedures, by calling numbers listed below and reporting their arrival. Dana Launch Ramp public dock (Vessel under 42-foot vertical clearance only) 1800 Dana Landing Road San Diego, CA 92109

Boaters who have any questions about this information may contact Leticia Andujo, Vessel Entry Specialist, at (619) 557-5370 ext.123.
